### About me

I am **ambitious** and **highly motivated** to start a career in IT field prepared for internship and/or remote/ full time work. My goal is to be a **valuable team member** in a **long - term collaboration** that has a real impact in creating software which provides innovative solutions for clients and company. Others describe me as a **flexible** person - easy to adapt to a new situation. I am **hard working** with a **positive attitude** and willingness to **learn** and to gain **experience**. I find myself as a **quick knowledge taker** and **creative person** with a hint of **empathy**. I am open to support other fields according to my experience in a design, production and customer service. I am guided by the attitude that nothing is impossible.
